INDUSTRY

NORWESCO is proud to be the world's largest manufacturer of molded poly tanks. For over 38 years, our customers have relied on Norwesco tanks for premium quality and reliability in performance.

Norwesco tanks are manufactured to strict quality guidelines to ensure years of high-performance use. Rugged, impact-resistant, one-piece seamless polyethylene construction make our tanks suitable for the storage and/or transport of most liquid chemicals. Norwesco tanks are manufactured using resins that meet FDA specifications to ensure safe storage of potable water. Norwesco tanks will be delivered to you with a fitting installed when applicable, but may also be ordered without a fitting.

Our goal is to make it easy and pleasant to do business with Norwesco. We consider our relationship with our customers to be one of our most valuable assets.

VERTICAL STORAGE TANKS

Vertical storage tanks are most frequently used for bulk storage and mobile nursing applications. Norwesco vertical tanks feature tie-down slots, built-in graduated gallon indicators, an offset fill-opening and a self-vented, slosh-proof lid.

ABOVE GROUND WATER STORAGE TANKS - BLACK OR DARK GREEN

Norwesco water tanks are manufactured using resins that meet FDA specifications to ensure safe storage of potable water. The black or green color limits light penetration, which reduces the growth of water-borne algae. These tanks are rated at 8 pounds per gallon, which means that they are for WATER STORAGE ONLY! They should not be used for chemicals, fertilizers or any other product. Where applicable, the tanks will carry the NSF approval. Please contact your distributor for more specific information regarding NSF approval.

HORIZONTAL LEG TANKS

With the broadest leg tank line available, Norwesco manufactures a size that will fit your needs. Used primarily for transport and nursing applications, Norwesco's leg tanks feature molded-in legs that act as "baffles" to reduce sloshing. The 6025 gallon includes a baffle system to minimize fluid sloshing and increase safety aspects of transporting liquid. Support bands are shown below.

*Requires full length support and bands

ΔRequires full length support

**16" hinged lid

*** 22" hinged lid

NOTE: The 1800 gallon tank consists of two 900 gallon tanks, each with a fitting installed, and a cylindrical "donut" that with the referenced connecting bar at the bottom of this page, holds the two tanks together but does not plumb them together. Ships unassembled.

HORIZONTAL LEG TANK BANDS

Norwesco bands are custom fabricated to support the Norwesco tanks and are galvanized or powder coated for added corrosion protection. Whether using the tank in a stationary position or for transport, bands are necessary to ensure that the tank retains its shape and integrity. See diagram at right.

ELLIPTICAL LEG TANKS

This elliptical tank style is designed to provide the greatest capacity with the lowest center of gravity, making it the best design available for transporting larger volumes. Norwesco elliptical tanks feature molded-in legs that act as "baffles" to reduce sloshing and provide increased stability during transport. The 3250 gallon includes a baffle system to minimize fluid sloshing and increase safety aspects of transporting liquid. Norwesco elliptical leg tanks require full length bottom support as well as support bands, shown below.

ELLIPTICAL LEG TANK BANDS

Norwesco bands are custom fabricated to support the Norwesco tanks and are galvanized or powder coated for added corrosion protection. Whether using the tank in a stationary position or for transport, bands are necessary to ensure that the tank retains its shape and integrity.

2035 ELLIPTICAL TANK / BANDS

ELLIPTICAL LEG TANK BANDS

ELLIPTICAL TANK

Designed for larger volume applicator needs, the Norwesco elliptical tanks feature a low profile design and a low center of gravity for excellent visibility in the field and increased stability when towed. A deep sump permits complete drainage and the tanks feature an 8" or 16" fill-opening. Please refer to information below for steel supports.

GALLON CAPACITY	WIDTH	OVERALL HEIGHT INCLUDING SUMP	LENGTH	SUMP DEPTH	FILL OPENING	OUTLET/ DRAIN	PREMIUM WEIGHT PART NO. WHITE

PICKUP TRUCK TANKS

Designed to fit full-size, American made pickups, the 325 and 425 sizes have low profiles for better rear vision. They feature fill openings offset to the side of the tank for safety and easy access. A tough circular design adds strength. The 210 gallon tank fits both "mini" pickups and full-size models. Depending on which way the tank is turned, the bottom width can be either 39" or 48".

250 CONTAINMENT BASIN

1300 CONTAINMENT BASIN

SPECIALTY SPHERE

CHEMICAL INJECTION TANK SYSTEM

CONTAINMENT BASINS

Our containment basins and tanks are impact and corrosion resistant and are molded as a one-piece, seamless unit. The 140, 250, 360, 500, 600 and 1300 gallon sizes are "basin style". The 2800 "Tank In A Tank" is molded with a dome that can be cut off to enable it to be used as a containment tank. Required containment capacity may vary depending on application and location.

EPDM gasket for 5" lid (63264 or 63484)		60366

HINGED LID

This lid is manufactured from a co-polymer material for strength, durability and excellent chemical resistance. Our unique locking tab allows you to easily slip a padlock through it and secure your lid from theft or spills. The lid is interchangeable with a standard 16" lid and ring assembly if you choose to replace your existing lid.

- Easy open/close – opens a full 180 degrees.
- Comes complete with a baffle vent assembly, allowing for adequate venting when bottom filling your tank.

MANUFACTURING & DISTRIBUTION

WARRANTY

NORWESCO offers a three year warranty from date of manufacture on tanks shown in this brochure. Should a defect appear within the warranty period Norwesco will supply a new, equivalent tank in replacement thereof. Norwesco's liability is limited to the value of the tank itself and specifically excludes the cost of installation and/or removal or consequential damages. Please contact your chemical supplier or Norwesco Customer Service for chemical resistance information. Tank dimensions and capacities may vary slightly and are subject to change without notice.
